

FIXING YOUR EYES: Seeing Jesus for Who He Is

The eye is the lamp of the body. If your eyes are healthy, your whole body will be full of light.
- Jesus (Matthew 6:22)

Faith is the habit of seeing what God sees, but most of us suffer from vision deficiency. In the final chapters of the book of Hebrews, the author urges believers to fix our eyes on Jesus. By seeing Jesus for who he really is - the image of perfection and the pioneer of our faith - we will be able to see ourselves for who we are: imperfect sinners saved by grace through faith. Join us at The Story, Sundays in November, as we fix our eyes to see God's vision for our lives!

November 23, 2025 - Part 4 - Don't Forget to Remember

What feelings come to mind when you think of going home?

Are there certain aspects of your faith that have become like a to-do list? What's the problem of thinking *"I have to"* instead of *"I get to."* when it comes to God?

Hebrews 13:5-8 - Never will I leave you; never will I forsake you. So we say with confidence, The Lord is my helper; I will not be afraid. What can man do to me?'. Remember your leaders, who spoke the word of God to you. Consider the outcome of their way of life and imitate their faith. Jesus Christ is the same yesterday, today, and forever.

#1 REMEMBER WHO _____

Where do you see forgetfulness in Scripture? What happens when people forget God's character?

What are the things that personally distract you and cause you to forget who God is?

#2 REMEMBER WHAT GOD _____

How has God showed up in your life recently? What works or miracles has he done?

Why do you think the enemy tries so hard to make us forget the ways we have seen God move?

#3 REMEMBER WHO _____

How is this third point dependent on the first and second?

Is your identity steadfast and rooted in who Christ says you are OR is it circumstantial and more dependent on who others say you are?

What aspect of God's character do you need to meditate on this week?
